SKILLS

HIPAA Compliance

Network Tools Wireshark

Nmap

Netcat and Network Analysis

INTERESTS

- Knitting
- Scuba Diving
- E-sports
- Reading Fiction

STRENGTHS

- Respectfulness
- Self-awareness
- Self-discipline
- Sensitivity

LANGUAGES

English 80% German 80% Mandarin 80%

ACHIEVEMENTS

- Developed and implemented a comprehensive security awareness training program, resulting in a 30% reduction in security incidents.
- Led a cross-functional team to enhance incident response protocols, improving response time by 40%.
- Conducted a thorough risk assessment that identified and mitigated vulnerabilities, resulting in a 25% decrease in security breaches.

PROFESSIONAL SUMMARY

Detail-oriented Cyber Security Analyst with 5 years of experience in information security, specializing in vulnerability assessments, compliance, and security solutions. Proven track record in managing complex projects and enhancing organizational security posture.

WORK EXPERIENCE

Cyber Security Analyst
Pineapple Enterprises

📅 Dec / 2021-Ongoing
📍 Santa Monica, CA

1. Configured Qualys Guard for continuous vulnerability analysis and monitoring of devices and applications, ensuring compliance with security policies.
2. Conducted regular vulnerability scans using Qualys and Nessus, identifying and remediating security weaknesses.
3. Performed network performance monitoring and analysis, utilizing tools like Burp Suite and Nmap to troubleshoot and optimize network security.
4. Implemented process improvements for VM management and patching, enhancing operational efficiency.
5. Reviewed and approved software installations and web access requests, ensuring adherence to security protocols.
6. Developed ETL jobs to integrate RSA Archer with vulnerability scanners, streamlining reporting processes.
7. Architected and implemented security solutions using SIEM tools like Splunk, enhancing threat detection capabilities.

Cyber Security Analyst
Cactus Creek Solutions

📅 Dec / 2019-Dec / 2021
📍 Phoenix, AZ

1. Conducted OWASP Top 10 vulnerability assessments for various internet-facing applications, identifying critical security flaws.
2. Analyzed network protocols (TCP/IP, SNMP, DNS) to enhance security measures and compliance.
3. Performed comprehensive vulnerability assessments using both manual and automated tools, ensuring robust application security.
4. Advised on security strategy development, contributing to the creation of a PCI compliance roadmap.
5. Standardized Splunk deployment and configuration across platforms, improving data visibility and security monitoring.
6. Implemented multi-factor authentication across all systems, enhancing access security and reducing unauthorized access attempts by 60%.

EDUCATION

Bachelor of Science in Cyber Security
University of Cybersecurity

📅 Dec / 2017-Dec / 2019
📍 Phoenix, AZ

Focused on information security principles, risk management, and network security.
